

Pallet Jacks for every task

MIGHTY LIFT™

Jacks Designed for Operational Efficiency

Feature

Ergonomic, protective, shock-proof hand grip

Reinforced high tensile strength steel frame

Sealed, 60,000 cycle hydraulic pump

210° steering arc

Adjustable push rods

Multiple grease fittings

Quick lift, only 11 strokes to max height

Dual entry/exit rollers

Self-returning handle

Polyurethane wheels

Dust cover over wheel bearings

ISO 9000 Certified

Benefit

Less user fatigue, higher productivity

Won't bend from off-center loads

Delivers long operating life

Easier maneuvering pallets into tight spaces

Uneven wear will not shorten jack life

Less maintenance for long jack life

Increased efficiency, less fatigue

Easier, quicker roll in/roll out

Eliminates bending to retrieve,

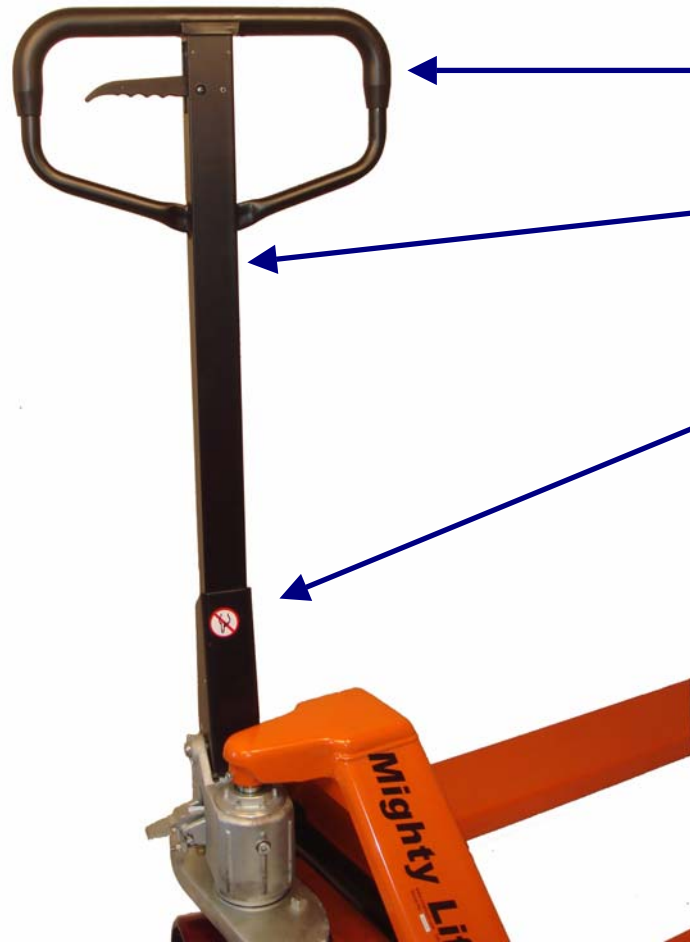

Long life; easier, quiet rolling; protects floors

Guards against bearing failure from dust

Meets world-class quality standards

MIGHTYLIFT™

Mighty Lift Features

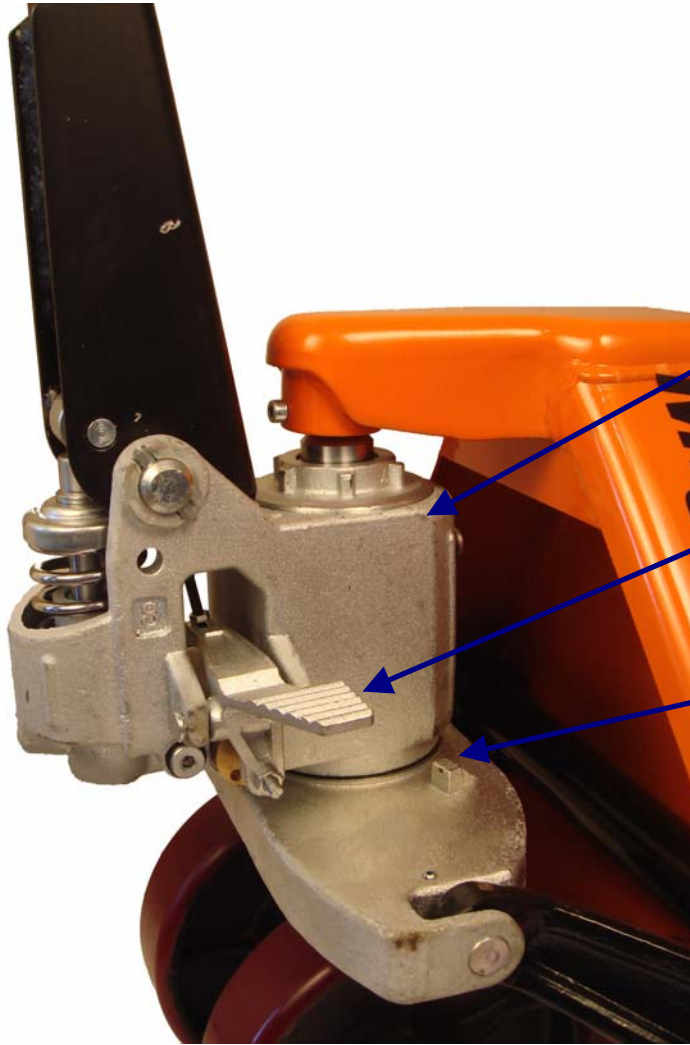

Ergonomic, protective,
shock-proof handle

Self-returning handle for
safety and operator
efficiency

Reinforced handle for long
useful life

MIGHTYLIFT™

Mighty Lift Features

Sealed, 60,000 cycle hydraulic pump

Foot control for increased operator efficiency

Quick lift – only 11 strokes to max height

MIGHTYLIFT™

Mighty Lift Features

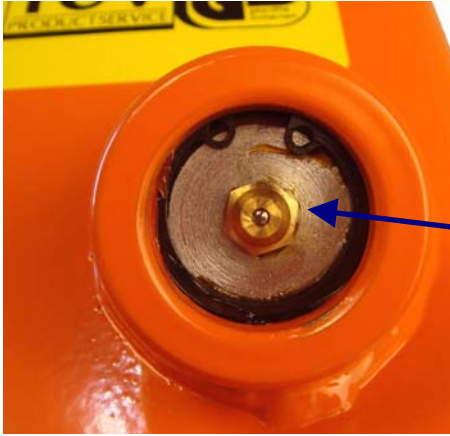

Polyurethane over iron wheels for long life

Dust cover over bearings to prevent premature failure

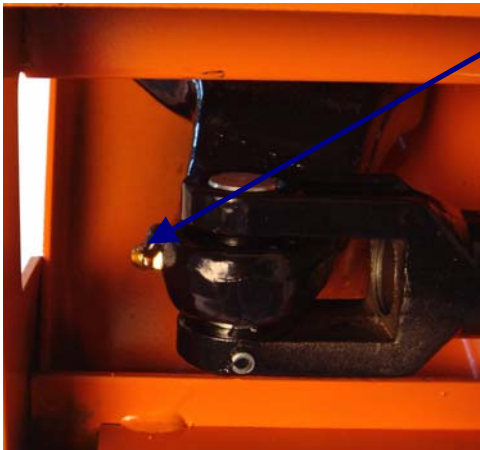

MIGHTYLIFT™

Mighty Lift Features

Multiple grease fitting
for easy maintenance

10 grease fittings in
all

MIGHTYLIFT™

Mighty Lift Features

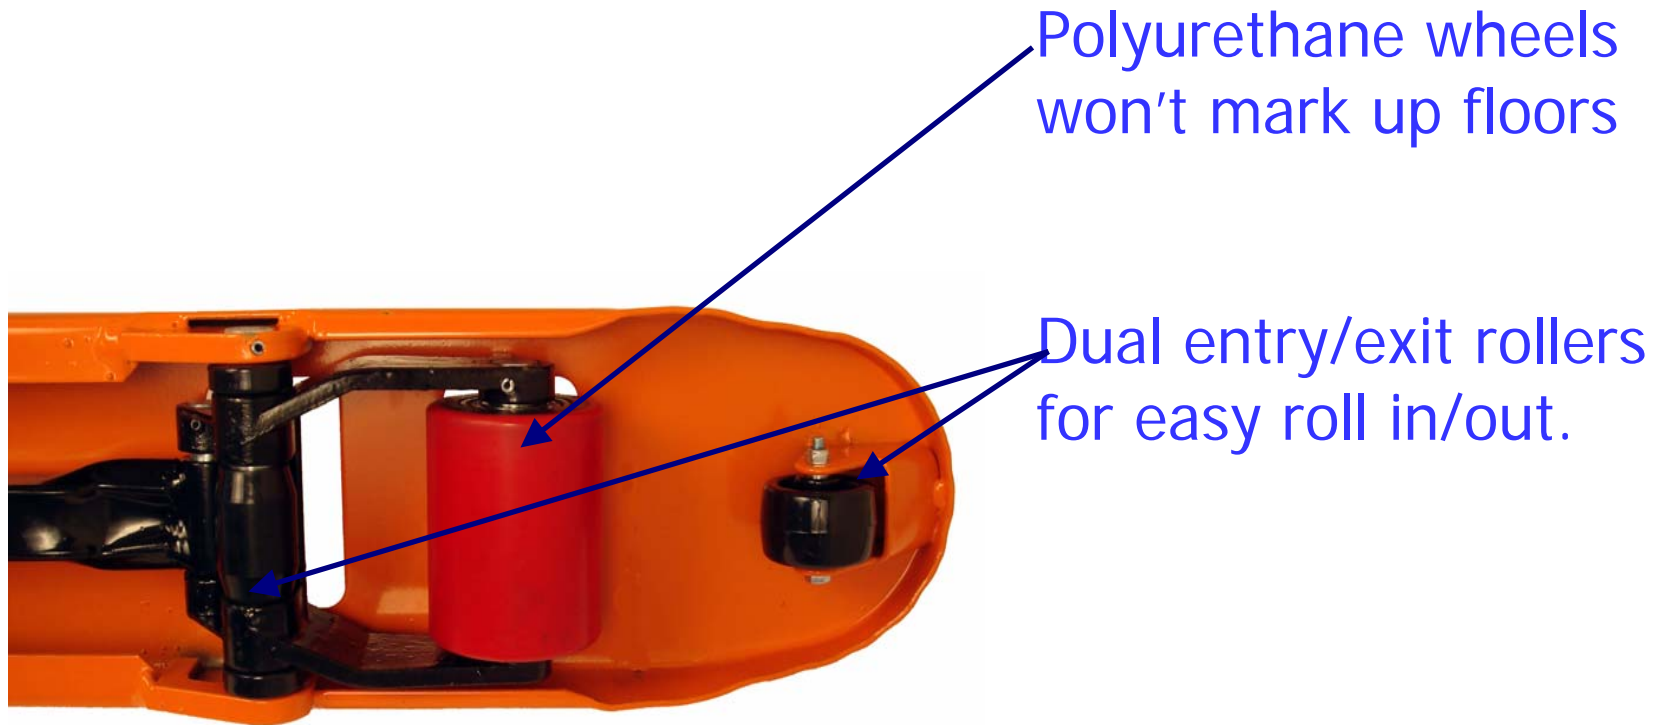

Adjustable push rods to combat uneven wear

Reinforced, high tensile strength steel frame

MIGHTYLIFT™

Mighty Lift Features

MIGHTYLIFT™

How Mighty Lift Compares

Feature	Mighty Lift	Standard Jack	Your Requirement
Hand Grip	Plastic coating protected	No protection	
Handle Reinforcement	Longer, able to handle heavy loads	No external reinforcement	
Push Rods	Adjustable	Non-adjustable	
Entry Ease	Rollers	No rollers, only slides	
Grease Fittings	10 total	None	
Controls	Dual foot and hand	Only hand	
Wheels	Polyurethane wheel with iron core	Nylon wheel	
Wheel Protection	Dust Cover over bearings	No protection	

MIGHTYLIFT™

The Right Jack for Every Job

- 12 different sizes for wide variety of applications
- 4-Way – grocery pallets, side entry
- Low Profile
 - non-standard, heavy load-damaged pallets
- Stainless Steel/Galvanized
 - food processing, wet areas
- Pallet Jack with Scale –where correct weight is critical
- High Lift Pallet Truck – combines pallet truck and lift table
- Heavy-duty 6600 lb capacity – unusually heavy loads
- All parts stocked for immediate availability

MIGHTYLIFT™

4-Way Pallet Jack

33" x 48" standard GMA pallet entry

Low profile design with 1-3/4" lowered height

270° Steering Arc for Easy Maneuvering

Polyurethane steer wheels with iron core and dust covers

Tough, long-lasting steel load rollers

MIGHTYLIFT™

Stainless Steel & Galvanized

- Super performance in tough environments
- All stainless steel construction
- Meets sanitary requirements for food, medical and pharmaceutical industries
- Chemical, fishing, meat processing industries
- Low temperature hydraulic oil
- Hot dip galvanized model for wet areas

MIGHTYLIFT™

High Lift Pallet Jack

A pallet jack & lift table – All in One

3,300 lb capacity

Reduces fatigue and back injuries by eliminating repetitive bending, twisting and lifting

Increases productivity 50% - pick up load; transfer to work station; lift to efficient height

Hundreds of applications

Two automatic brakes and two side stabilizers engage automatically as forks are raised.

MIGHTYLIFT™

Scale Pallet Jack

Weigh and Move in one step

5,000 lb capacity

Mobile weighing anywhere in plants

Quick verification of incoming/outgoing freight

Eliminates wasted steps

Reduces labor cost

World-famous Mettler-Toledo scale

Four easy-to-use function keys

Powered by 6 "D" cell batteries

MIGHTYLIFT™

Mighty Lift Pallet Jack Warranty

- 2 years on pump
- 1 year on fork frame against defective components or workmanship
- 90 days on wheels, axles and bearings

MIGHTYLIFT™

Efficient Inventory Levels

- 2,000+ jacks in stock for immediate shipment
- Quick-ship Program – Shipment within 24 hours from stock
- Quick response to unexpected requests
- Parts in stock at all warehouses

Pallet Jacks for every task
